Phases 1 to 9,  
combined value;  
£12,500,000

date and location

2013 - 2014

contractor

5 Framework  
Contractors

Praxis was engaged to provide cost management from inception to completion of a 95 store refurbishment programme.

Setting project budgets against CAPEX allocations, management and agreement of all project accounts and stage payments.

Cross checking of direct suppliers costs and CAPEX reconciliations of all project costs against Client budgets maintained a very close control on project costs. Accounts agreed within 2 weeks of completion of each store.
